Hi,

I hope you feel better tonight - try to relax and get a good night sleep. No martinis tonight...

**Reminder to take the pill in the morning with food/glass of water.**

I'll make sure the girls make an appointment with Dr. [REDACTED] or any other [REDACTED] you'd like. I'll touch base with them in the am.

I have a dr. appointment at 9am but should be out by 10am. If you need me to meet you at Dr. [REDACTED], let me know.

Call me if you have any issues tonight. My phone is on.
